ORDER

Adopted: September 14, 2006

Released: September 14, 2006

By the Chief, Wireline Competition Bureau:

I. INTRODUCTION

1. In this Order, we grant 128 appeals of decisions by the Universal Service Administrative Company (USAC) reducing or denying funding from the schools and libraries universal service support mechanism (also known as the E-rate program) on the grounds that they failed to timely submit an FCC Form 486.1 As explained below, in each case we find that good cause exists to waive USAC's deadline for the FCC Form 486 filed with USAC and we remand the underlying applications associated with these appeals to USAC for further action consistent with this Order. To ensure that the underlying applications are resolved expeditiously, we direct USAC to complete its review of each application listed in the Appendix and issue an award or denial based upon a complete review and analysis no later than 90 days from the release of this Order. In addition, we direct USAC to develop targeted outreach procedures designed to better inform applicants of approaching FCC Form 486 filing deadlines and to provide applicants with a 15-day opportunity to file or amend the form.

2. As we recently noted, applicants seeking funding from the E-rate program contend that the application process is complicated and time-consuming.2 As a result, a significant number of

1In this Order, we use the term "appeals" to generically refer to requests for review of decisions, or to waivers related to such decisions, issued by the Commission, the Wireline Competition Bureau, or USAC. A list of these petitions is attached in the Appendix and we will refer to all of these parties as Petitioners. Section 54.719(c) of the Commission's rules provides that any person aggrieved by an action taken by a division of the Administrator may seek review from the Commission. 47 C.F.R. § 54.719(c).

applications for E-rate support are denied because of applicant ministerial or clerical errors. We find that the actions we take here to provide relief will promote the statutory requirements of section 254(h) of the Communications Act of 1934, as amended (the “Act”), by helping to ensure that eligible schools and libraries obtain access to discounted telecommunications and information services.³ In particular, we believe that by directing USAC to enhance certain application outreach procedures and granting this limited waiver of the deadline, we will provide for a more effective application processing system that ensures eligible schools and libraries will be able to realize the intended benefits of the program as we consider additional steps to reform and improve the E-rate program.⁴ Requiring USAC to take these additional steps will not reduce or eliminate any application review procedures or program requirements that applicants must comply with to receive funding. Indeed, we retain our commitment to detecting and deterring potential instances of waste, fraud, and abuse by ensuring that USAC continues to scrutinize applications and takes steps to educate applicants in a manner that fosters program participation. We also emphasize that our actions taken in this Order should have minimal impact on the Universal Service Fund (USF or Fund) because the monies needed to fund these appeals have already been collected and held in reserve.⁵

II. BACKGROUND

3. Under the E-rate program, eligible schools, libraries, and consortia that include eligible schools and libraries may apply for discounts for eligible telecommunications services, Internet access, and internal connections.⁶ After an applicant for discounted services under the E-rate program has entered into agreements for eligible services with one or more service providers, it must file an FCC Form 471 with USAC.⁷ The FCC Form 471 notifies USAC of the services that have been ordered and supplies an estimate of funds requested for eligible services.⁸ USAC then issues a funding commitment decision letter indicating the funding, if any, for which the applicant is approved to receive. After the funding year begins and the applicant begins receiving services at the discounted rate, the applicant submits an FCC Form 486 to USAC. The FCC Form 486 indicates that the service has begun, specifies the service start date and demonstrates that the applicant has received approval of its technology plans.⁹ The timely

⁵We estimate that the appeals granted in this Order involve applications for approximately \$11.3 million in funding for Funding Years 2000-2005. We note that USAC has already reserved sufficient funds to address outstanding appeals. *See, e.g.*, Universal Service Administrative Company, Federal Universal Service Support Mechanisms Fund Size Projections for the Third Quarter 2006, dated May 2, 2006.

submission of FCC Form 486 ensures that disbursements for discounts on eligible services are done in a prompt and efficient manner. Because the FCC Form 486 indicates the actual service start date, USAC will only issue disbursements to the service provider for discounts on eligible services after receipt of the form.¹⁰

4. The deadline for receipt of the FCC Form 486, which is established by USAC, has varied over the years. In Funding Year 2000, applicants with recurring services were required to submit the FCC Form 486 postmarked by December 14, 2001.¹¹ In Funding Year 2001, the FCC Form 486 was due October 28, 2001, unless the service start date began or a funding commitment decision letter was issued after October 28, 2001.¹² In that case, the FCC Form 486 was required to be postmarked no later than 120 days after the service start date or the date of the funding commitment decision letter, whichever was later, for applicants to receive discounts retroactively to the service start date.¹³ If an applicant failed to meet this requirement, USAC adjusted the start date for discounted services to either the date that the FCC Form 486 was postmarked or, in cases where the funding commitment decision letter came after the October 28, 2001 deadline, to 120 days before the date that the FCC Form 486 was postmarked.¹⁴ In Funding Year 2002 and subsequent funding years, the FCC Form 486 had to be postmarked no later than 120 days after the date service began or no later than 120 days after the date of the funding commitment decision letter, whichever was later, to receive discounts retroactively to the service start date.¹⁵ For a late FCC Form 486, the start date for discounted services is reset to 120 days before the postmark date.¹⁶ No

Schools seeking costs for Internet access or internal connections services must certify to these conditions on the FCC Form 486. For Funding Year 2001, Congress established a deadline of October 28, 2001, unless services began after that date or the funding commitment decision letter was sent after that date. 47 U.S.C. §§ 254(h)(5)(E), 254(h)(6)(E); *CIPA Order*, 16 FCC Rcd at 8188-89, 8191, paras. 10, 18. funding is provided for services rendered prior to the new start date and funding commitments are reduced for the relevant funding request.¹⁷

5. One hundred and twenty-eight Petitioners have requested a waiver of the deadlines or a review of USAC's decision to deny or reduce funding because of the Petitioners' late filings. The Commission may waive any provision of its rules on its own motion and for good cause shown.¹⁸ A rule may be waived where the particular facts make strict compliance inconsistent with the public interest.¹⁹ In addition, the Commission may take into account considerations of hardship, equity, or more effective implementation of overall policy on an individual basis.²⁰ In sum, waiver is appropriate if special circumstances warrant a deviation from the general rule, and such deviation would better serve the public interest than strict adherence to the general rule.²¹

III. DISCUSSION

6. In this item, we grant 128 appeals of decisions reducing or denying requests for funding from the E-rate program and remand the underlying applications associated with these appeals to USAC for further action consistent with this Order.²² Petitioners' requests for funding were denied or reduced because USAC found that the FCC Form 486 was filed late or the form may not have been filed.²³ These Petitioners, however, either claim that the filings were on time,²⁴ that the late filings were the result of immaterial clerical, ministerial or procedural errors,²⁵ or that the late filings were due to circumstances beyond their control.²⁶

7. Based on the facts and the circumstances of these specific cases, we find that good cause exists to waive the deadline for filing the FCC Form 486 for Petitioners.²⁷ Under Bureau precedent,

²²Eldora Public Library (Eldora) framed its request for review as an appeal of USAC's denial of its request for an extension of the invoice deadline (FCC Form 472). Our review of the record indicates that Eldora did not file its FCC Form 486. Eldora claims that it inadvertently failed to comply with program rules because of Eldora's small staff and the complexity of the E-rate program. On our own motion, we grant a waiver of Eldora's FCC Form 486 deadline.

²⁷Because we waive the FCC Form 486 deadline, applicants should receive funding from their actual service start date. We also direct USAC to waive any of its subsequent deadlines if related to the late-filed FCC Form 486, such as the FCC Form 472 deadline, if necessary for the processing of Petitioners' applications.

deadlines have been strictly enforced for the E-rate program, including those pertaining to the FCC Form 486.²⁸ As we recently noted in *Bishop Perry Middle School*, a departure from required filing deadlines may be warranted upon careful review of the Petitioner's case and when doing so will serve the public interest.²⁹ Generally, these applicants claim that staff mistakes or confusion, or circumstances beyond their control resulted in missing the FCC Form 486 deadline.³⁰ We note that the primary jobs of most of the people filling out these forms include school administrators, technology coordinators and teachers, as opposed to staff dedicated to pursuing federal grants, especially in small school districts. Even when a school official becomes adept at the application process, unforeseen events or emergencies may delay filings in the event there is no other person proficient enough to complete the forms.³¹ Furthermore, some of the errors were caused by third parties or unforeseen events and therefore were not the fault of the applicants. Given that the applicants missed a USAC procedural deadline and did not violate a Commission rule, we find that the complete rejection of each of these applications is not warranted. Notably, at this time, there is no evidence of waste, fraud or abuse, misuse of funds, or a failure to adhere to core program requirements. Furthermore, we find that denial of funding in these cases would inflict undue hardship on the applicants. In these cases, the applicants have demonstrated that rigid compliance with USAC's application procedures does not further the purposes of section 254(h) or serve the public interest.³² We therefore grant these appeals and remand them to USAC for further processing consistent with this Order.

8. We emphasize the limited nature of this decision. Because the FCC Form 486 contains the Children's Internet Protection Act (CIPA) certification, all applicants must file the form with USAC.³³ While we have waived the deadline for filing, we do not waive the requirement of the filing itself. Furthermore, we recognize that filing deadlines are necessary for the efficient administration of the schools and libraries E-rate program. Although we grant the subject appeals before us, our action here does not eliminate USAC's deadline for filing the FCC Form 486. We continue to require E-rate applicants to submit complete and accurate information to USAC as part of the application review process. However, as of the effective date of this Order, we require USAC to develop additional outreach and educational efforts to inform applicants of the application requirements in an attempt to reduce these types of filing errors. Specifically, USAC shall develop a targeted outreach program designed to identify schools and libraries that have not filed their FCC Form 486 120 days from the date of their funding commitment decision letter or service start date, whichever is later.³⁴ The purpose of this outreach effort

³⁰Some Petitioners claim that they postmarked the FCC Form 486 on time. Given that we are waiving USAC's deadline for these applicants who mistakenly or knowingly filed late, we give these Petitioners the benefit of the doubt and, to the extent necessary, waive the FCC Form 486 filing deadline for them as well.

³¹For example, Western Christian High School's sole Universal Service Fund official suffered a debilitating stroke and was unable to meet the Form 486 deadline. Request for Review by Western Christian High School at 1.

³²See 47 U.S.C. § 254(h).

³³Those applicants that filed their FCC Form 486 with their appeal to the Commission must also file the form with USAC, if they have not already done so.

³⁴The service start date can be determined from Block 5 of the applicant's FCC Form 471.

will be to provide the applicant with an additional opportunity to file or amend its FCC Form 486. When an applicant has missed the deadline to file its FCC Form 486, applicants will have 15 calendar days from the date of receipt of notice in writing by USAC to file or amend its FCC Form 486.³⁵ Again, this direction will not limit or preclude any application review procedures of USAC; instead, this 15-day period will provide E-rate applicants with a limited additional opportunity to file or amend its FCC Form 486. The 15-day period is limited enough to ensure that funding decisions are not unreasonably delayed for E-rate applicants and should be sufficient time to correct truly unintentional ministerial and clerical errors.³⁶ The opportunity for applicants to file or amend their filings to cure minor errors will also improve the efficiency and effectiveness of the Fund. Because applicants who are eligible for funding will now receive funding where previously it was denied for minor errors, we will ensure that funding is distributed first to the applicants who are determined by our rules to be most in need of funding. As a result, universal service support will be received by schools in which it will have the greatest impact for the most students. Furthermore, the opportunity to file or amend the application will improve the efficiency of the schools and libraries program. If USAC helps applicants file timely and correct forms initially, USAC should be able to reduce the money it spends on administering the fund because fewer appeals will be filed protesting the denial of funding for these types of issues. Therefore, we believe this additional opportunity to file the FCC Form 486 will improve the administration of fund. In addition, we note that the Commission has initiated a proceeding to address whether particular deadlines should be modified.³⁷

9. Finally, we are committed to guarding against waste, fraud, and abuse, and ensuring that funds disbursed through the E-rate program are used for appropriate purposes. Although we grant the appeals addressed here, this action in no way affects the authority of the Commission or USAC to conduct audits and investigations to determine compliance with the E-rate program rules and requirements. Because audits and investigations may provide information showing that a beneficiary or service provider failed to comply with the statute or Commission rules, such proceedings can reveal instances in which universal service funds were improperly disbursed or in a manner inconsistent with the statute or the Commission's rules. To the extent we find that funds were not used properly, we will require USAC to recover such funds through its normal processes. We emphasize that we retain the discretion to evaluate the uses of monies disbursed through the E-rate program and to determine on a case-by-case basis that waste, fraud, or abuse of program funds occurred and that recovery is warranted. We remain committed to ensuring the integrity of the program and will continue to aggressively pursue instances of waste, fraud, or abuse under our own procedures and in cooperation with law enforcement agencies.

IV. ORDERING CLAUSES

10. ACCORDINGLY, IT IS ORDERED that, pursuant to the authority contained in sections 1-4 and 254 of the Communications Act of 1934, as amended, 47 U.S.C. §§ 151-154 and 254, and pursuant to authority delegated in sections 0.91, 0.291, 1.3, and 54.722(a) of the Commission's rules, 47

³⁵Such 15-day notice shall be 15 calendar days' notice, and shall commence on the date of receipt of such notice by applicant, or five (5) calendar days after such notice is postmarked as sent by USAC, whichever is sooner. Applicants will be presumed to have received notice five days after such notice is postmarked by USAC. USAC, however, shall continue to work beyond the 15 days with applicants attempting in good faith to file or amend their FCC Form 486.
